

NATIONAL DAY OF OUT(R)AGE MAY 24 PROTEST THE TELCOS!

On Wednesday, May 24th, thousands in cities across the country will protest the Telephone Companies: AT&T, Bell South, Qwest and Verizon. Get involved!

We are protesting:

- 1) Telco Driven Congressional legislation that: endangers PEG access centers and channels, threatens to red-line communities, and endangers an open internet by not protecting net neutrality (HR 5252 and S.2686). *Stop these legislative bills in their current form – we need more protections!*
- 2) Telco collusion with the NSA to illegally violate the privacy rights of tens of millions Americans. *We demand an investigation and enforcement of the law!*
- 3) The Telco campaign of buying off statehouse and congress people around the country to push their legislation through. *We need real campaign finance reform and political transparency!*
- 4) The Telco policy of using 'astroturf' groups to push their deceptions on the public. *Expose these campaigns for what they are – corporate propaganda!*
- 5) The mergers and takeovers within in the Telco industry that has resulted in the loss of tens of thousands of jobs. *Stop the AT&T – Bell South merger until there is accountability and thorough anti-trust reviews!*
